Other Features

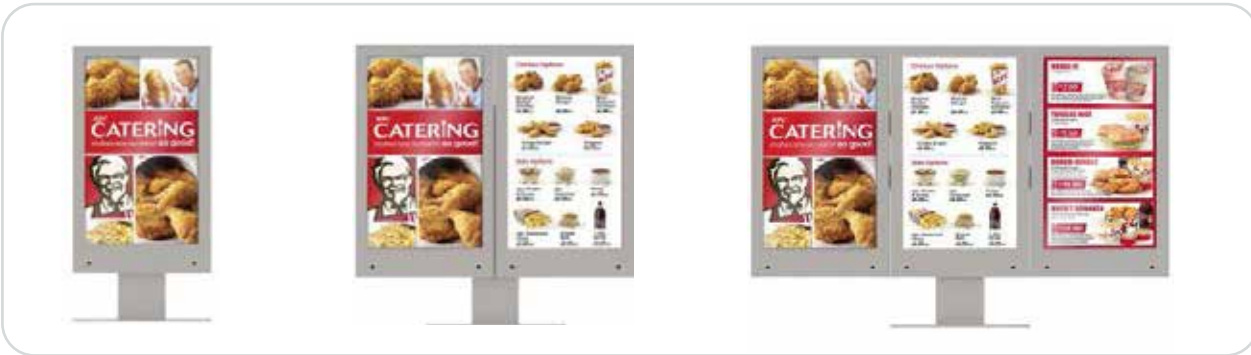

Custom RAL Power Coat & Finish

Our Drive-Through Enclosures are proudly Made in Britain, meaning we are able to keep lead times short and offer a bespoke service. We are able to custom fabricate based on requirements and powder coat our enclosures to your brand ral or finish.

RCD Protected for Electrical & Equipment Safety

All of our outdoor screen enclosures are fitted with a 30mA RCD that protects users and equipment if an electrical fault was ever to occur. If an electrical fault was detected the switch will disconnect power within 40 NanoSeconds.

IP65 ENCLOSURES Single, Double & Triple Plinth Options

Benefiting from a modular design, the drive-thru enclosures can be fixed to a single, double or triple stand to suit any configuration of screens and drive through locations.

55" IP67 WATERPROOF Drive-thru Displays with IK10 Glass 4000 Nits

ONE Digital offer a range of Plinths for mounting a single, double or triple display, also as part of the Drive -thru range is our a IP Phone and Headset System along with a Stainless Steel Intercom Pillar.
